## SCHOOL CAPACITY UPDATE - JUNE 2017

- Please note that the information provided below is correct to the best of our knowledge as of 28 June 2017, based on information received from NSW government schools.
- Individual school requirements are listed under each school. Schools located in Sydney that are not listed are either full or ineligible to enrol international students.
- No capacity update is available for primary schools due to their large number and strict catchment areas. For enrolments into a NSW government primary school please contact a DE International staff member with a NSW address or location.
- There is no guarantee of placement at schools listed below. Please do not guarantee placement at any school to prospective students.
